7. PUBLIC PARTICIPATION

Ms. Lopez asked if on the next meeting if discussion on additional funding for programing (JARC) can be placed on agenda.

Mr. Amaro said that we will be meeting with the JARC to discuss further of funds.

Judge Madrid inquired about the application process to serve on the JJAC state committee. It is a nomination process through the Governors’ Office and there is a link on the State website and CYFD to apply. It would serve as beneficial to have local representation on that board.

Mr. Kavanaugh stated that it’s an excellent idea to have representation from the south and board. In reference to Ms. Lopez statement JJAC accepts letters from the board; if additional funding is requested to be allocated to a specific continuum that shows the performance where they are at with their contract, I believe our continuum site would be able to justify that request to JJAC. We can take some action interim before someone is appointed to JJAC board.

Judge Madrid said that if she is not able to be on the JJAC board is their someone else that we could appoint or have interest.

Mr. Kavanaugh said he would consider it and will get more information.

8.4. Equitable Results Action Plan

Mr. Amaro said that it’s a requirement for the JJAC application process and is mandated per NM statute (32A-2-2): section I. “to eliminate or reduce disparities based upon race or gender”, to review and apply this principle within each continuum of juvenile justice services. A sub-committee will be assigned to follow-up on this and formulate a plan. Some continuums have identified the following population targets: Native American youth and Hispanic teen males. It will be necessary to incorporate some type of date support from community partners and agencies abroad. Provided a handout “Equitable Results Engagement Plan-2019”.

Ms. Lopez said this is a system change its going to take engage partners from different sectors and coming together, the continuum board is a place to start.

Dr. Lozana said gathering data first to see what might stand out would be a start.

Mr. Amaro said that we need a date to meet, discuss further and set a plan.
